OUTLOOK BRIGHT FOR ALFRED GAME

Buff and Blue Team Fast Rounding into Shape for Initial Game of Season—Strong Competition for Positions.

FAST ELEVEN THIS YEAR

Hamilton opens its 1920 football schedule on the local field Saturday afternoon with the Alfred University game. Little is known at present of the strength of the downstate team but its performance in the past does not give it so formidable a reputation as some of Hamilton's other opponents this year. Alfred was dropped from Hamilton's schedule four years ago because of its inability to furnish strong enough competition. However, Coach Prettyman is preparing his men for a hard battle so that there will be no danger of over-confidence when the Buff and Blue takes the field Saturday.

CAPTAIN "ART" CAMPBELL

Hamilton will be represented by the lightest team turned out in several years, but the lack of weight will be made up by speed. Captain Campbell, Clark, Kaiser, and Warren will in all probability compose the backfield at the start of the game. They are all fast men and Coach Prettyman has developed a style of play in which they can use their speed to the greatest advantage. Other backfield aspirants who will probably get into action before the final whistle are Seaver, Doyle, Bates and Meehan. The latter three are from the Freshman Class. Lawler and Huntsman will undoubtedly start at the end positions, with Reeder and May as alternates. The tackles will be picked from Burke, Farrand, Brush, and Spice. Kelly, Eckler, Vines, and J. Davis are being trained for the guard positions, and it is not yet known which two will be chosen to start the game. Fowler looks like a fixture at the pivot position and his work in practice has shown that he can very capably take the place of Baumler, '20.

With such strenuous competition for each position on the team, Saturday's game will probably take the form of a try-out and substitutions will be frequent. The team is fast rounding into a fast and aggressive aggregation that should gain a victory in the first game on its schedule.

CHANGES ARE MADE IN PERSONNEL OF THE COLLEGE FACULTY

Scarcely a college year passes on the Hill that does not witness some changes in the personnel of the faculty. This year is no exception to the general rule. Professor Robert Barnes Rudd, Associate Professor of the English Language and Literature, has left the Hill, as has Doctor Hermon King Murphy, Instructor in Economics and Sociology. The latter began his work this fall at the Carnegie Institute of Technology in Pittsburgh, where he is teaching the same subjects that formed his work at Hamilton last year. Professor Rudd has left his position in a Wyoming school and is now in Clinton.

Owen Griffith Groves, '16, is taking the place formerly held by Professor Rudd in the Department of English Literature. Mr. Groves holds the degree of A. B. from Hamilton, and has lately been doing graduate work at Columbia University.

Doctor Murphy's place in the Department of Economics is filled by Frank Lester Patton, formerly of the faculty of New York University. Mr. Patton is a graduate of Ohio State University, where he holds the degree of A.B. He also received the degree of M.A. from Oxford, where he studied as a Rhodes Scholar in History and Economics. He also has been doing graduate work at Columbia.

Willard B. Marsh, '12, is the Associate Professor in the Department of Rhetoric and Oratory. He was formerly on the faculty of Hamilton College, and has recently been teaching at Carroll College, Waukesha, Wis.

Daniel LeRoy Shirley, '19, who acted last year as Assistant in Biology and Chemistry, has been succeeded by Charles Clarence D'Amico, from the Class of 1920.

CALLS FOR CANDIDATES

The managers of several different departments have issued a call for candidates for assistant manager. Candidates for baseball manager should report to Gates, '22; track candidates to Keane, '22; hockey men to Maier, '21, and Intramural men to Mulford, '22. Manager Barron, '21, of the Musical Clubs, also announces that the competition for assistant manager is open. The hockey and intramural and Musical Clubs competition is open to Sophomores. Men going out for the different competitions should report to the various managers at once.

The Annual Fall Field Day will be held on the afternoon of October 14. This day will be a holiday from 12:30 on. It is necessary that every man in College take part in the day's sports. There will be the various track and field events, cross country running, interclass soccer games, and tennis. Men taking part in the Field Day events will be excused from gym class for the remainder of the week. The lists of the events will be posted in the Chapel at an early date. Every one sign up!

SCHOLASTIC HONORS ARE ANNOUNCED

Seven Men from 1921 Elected to Phi Beta Kappa.

At morning chapel last Friday President Ferry announced the scholarship ratings for the year 1919-1920. They are as follows:

The following men were elected to Phi Beta Kappa from the Class of 1921: Forshay, Fry, Kaiser, Keehn, Rodgers, Throop, and Wettel.

SENIORS ELECT OFFICERS

The Senior Class elections were held in Chapel Saturday morning. Grant Keehn of Kennilworth, Ill., was elected President, A. B. Clark of New Haven, Conn., was elected Vice-President, and Angell Mathewson of New Mexico, N. Y., was elected Secretary and Treasurer.

BINGHAMTON ALUMNI DINE

Professor Lewis States That Binghamton Association Sent One Tenth of Last Year's Undergraduates to Hamilton.

FAREWELL TO WELSH FAMILY

Binghamton Alumni of Hamilton College at their annual dinner, held in Binghamton last Friday evening, were told by Professor Calvin L. Lewis, '90, of the Faculty, that one-tenth of the three hundred students of the College last year matriculated through the efforts of the Hamilton Alumni Association of Binghamton. Floyd D. McLean, '08, newly elected president of the Association, pledged himself to make that percentage one-fifth.

It was the annual dinner of the Association, yet it was also a farewell to Frederick W. Welsh, '92, to William P. Welsh, '19, and to Stanton P. Welsh, '23, and the annual meeting, usually held during the Christmas recess was held October 1 because the Welsh family leaves October 9 to live in California. The early part of the evening was typical of Hamilton gatherings in the past. Songs of the Alma Mater, football and marching songs, and joyful reminiscences of days spent on the Hill enlivened the evening.

Thomas J. Mangan, '94, presided in the absence of President H. H. Crumb, '05. President Ferry, the first speaker, brought the news of the growth of the College, its proposed additions, and its opportunity in the field of education. He brought, he said, no message to the Binghamton Alumni from the Faculty, but the greeting to the Welsh family, including William J. Welsh, Frederick W. Welsh's father, who was a guest at the meeting.

Professor Lewis told of his association with the Welsh family, saying that "Fred" Welsh made everything in college there was to make, from a key to all the teams.

"He is the kind of man," he said, "that Hamilton likes to have as a student, the man who takes an interest in everything he does, and does everything with thoroughness and success. Such men make the College and its graduates the best product of this country."

The officers elected at the meeting were: President, Floyd D. McLean, '08; Vice President, Charles W. Yeomans, '92; Secretary, Edgar W. Couper, '20, and Treasurer, George H. Lyon, '13.

ON HAMILTON'S SCHEDULE

Brown, 13; Amherst, 0.
Cornell, 13; Rochester, 6.
Army, 36; Union, 0 (second game).
Williams, 63; R. P. I., 6.

AMERICA is fast becoming a pipe smoking country. Every year more and more men are realizing the comfort, the satisfaction, and the economy of the pipe. And by natural selection, more and more men are smoking W D C Pipes. This is not chance. It is because W D C Pipes offer the utmost in pipe value. Honest French briar, seasoned by our own special process make W D C Pipes break in sweet and mellow. Coupled with that is a self-governed body of pipe makers whose sole object is to fashion pipes which are without peers in all the world. And it has been accomplished. Ask any good dealer.

To the Freshmen

The Class of 1924, which entered this Fall, promises to be the largest class in the history of Hamilton College. The Class of 1922, with its S. A. T. C. additions, actually was larger, but dwindled after a few weeks to approximately its present proportions. From present indications, 1924 will graduate more men than any previous class.

The Freshman Class already has the advantages which numbers can give. The Freshmen can add to those advantages the others which quality and experience will give. Quality may be developed, and experience will come through time. The four years ahead will show how the present Freshmen have utilized their opportunities.

To the Freshmen we would say:

Use all of your time. Either spend it in work, sleep, or recreation. Don't let your spare hours waste away. Remember that to all men in college are given twenty-four hours per diem. What you can do in that time depends upon the way in which you use those hours. You are mapping out your own future while you are still a Freshman.

Learn the Hamilton traditions. Get used to saying "Hello" when you meet other men and learn to say it first. Learn the songs and yells thoroughly, so as to be an efficient member of the cheering section at football games.

Remember that you will not always be a Freshman. Some day you will be Seniors, if you pass your work, and the control and discipline of the undergraduate body will be entrusted to your hands. You are now in training for that work. If you make yourselves able, loyal undergraduates, you will be capable to do that work. Otherwise you will be failures as Seniors. Take such advice as is given you in the spirit in which it is offered. Remember that it is all for Hamilton, and the sooner the undergraduates can amalgamate into a coherent and energetic group, the more successful will be this year's work. The issue is up to the men of 1924.

Spice o' Life

Blessed Are the Meek

One day when I was fast asleep,
I dreamed a wierd dream;
I thought I saw a college row;
How queer it all did seem.
The Frosh came out the Chapel door,
Dolled up in dress-suits neat;
Outside, they met the Sophomore class
In evening dress complete.
The Freshman marched out very slow,
A gallant looking band;
To meet the docile rusty boys,
And shake them by the hand.
Our Prex was much in evidence,
A picture fine he made;
A'standing on the horsing bench
And serving lemonade.
Toy balloons were all about,
Confetti filled the air;
The upperclassmen danced around
With ribbons in their hair.
What is the College coming to?
A girls' school, it would seem;
We can't blame Merz's rabbits
For every little dream.

Prof: "That was a very good theme you turned in this morning."

Stude: "Yes, it's been good for an A in three other classes and ought to do as well in this one."

Rust: "*!%'@(?)$(deleted)"

Slime: "What's eating you?"

Rust: "Oh, I'm just filling in the blanks in this blank verse."

Teddy: "Isn't that a beautiful sunset? "

House Party Girl: "Yes, but where is the sun?"

Paton: "It's set."

"Bill" Squires: "I congratulate you upon your consistency, Mr. Farrand."

Farrand: "Yes, sir, you see, I..."

"Bill": "Yes, you haven't said anything right yet."

"Cal" Lewis: "Now, Mr. Monahan, can you give any argument for the other side?"

Monahan: (Long silence.)

"Cal": "Well, that's convincing. But it isn't sound."

Frosh: "Prof. Super, can you tell me what "yo no se" means?"

Supe: "I don't know."

Frosh: "And that guy is supposed to know Spanish."

Desperado (at 12:30 p. m. on College street): "If you move, you're a dead one."

Frank Fry: "You're wrong, my man. If I move it shows that I'm alive. Be more careful with your words."

"Pills" (to student after having explained a theory): "Now if you have all that in your head you have it all in a nutshell."

Custer: "What do you charge for your rooms?"

Hotel clerk: "Four dollars up."

Custer: "But I'm a student."

Hotel clerk: "Then it's four dollars down."

Riggs: "There are several girls around here who intend never to marry."

Hall: "How do you know?"

Riggs: "I have proposed to several."

Frosh: "Heavens! Why are you up so early? It's only half past six."

Senior: "Just a little matter of Ethics, old boy."

Bland: "I paid all my bills today."

Pitkin: "A well-spent day, I suppose."

Somebody in Rocks class claims that a few quartz will give one a boulder feeling that is gneiss at house party time.

The Faculty and their families, and the local trustees of the College, to the number of fifty-four, were the guests of Dr. and Mrs. A. D. Morrill at a picnic at their home in the village at one o'clock Saturday afternoon.

Modern Motive Might
MOUNTAINS, miles and minutes give way before electricity, the magic motive power. Properly applied, it drives giant locomotives across the continental divide, tows ocean liners through the Panama Canal, or propels huge ships.
Through good light, safe signals, and illuminated highways, it is making travel better and safer and also is increasing the usefulness of transportation methods on land, sea or in the air.
In short, electricity is revolutionizing transportation, making it quicker, safer, more economical and reliable in all sorts of weather.
And back of this development in electric transportation, in generating and transmitting apparatus as well as motive mechanisms, are the co-ordinated scientific, engineering and manufacturing resources of the General Electric Company, working to the end that electricity may better serve mankind.

A fact:

Here in the very heart of Wall Street, Fatima leads. And at the Stock Exchanges of Boston and Philadelphia, Fatima is also the largest seller.

Instead of *fewer* cigarettes how about *less* Turkish?

SMOKERS are learning that *straight* Turkish cigarettes, delicious as they are, are so rich that they soon tire the taste. They contain *too much* Turkish tobacco.

But smokers are learning also that instead of cutting down the number of cigarettes per day, they can cut down on the proportion of Turkish tobacco in each cigarette.

They can do this by switching to part-Turkish or Turkish Blend cigarettes.

However, many men find that ordinary Turkish Blends lack taste—they contain *too little* Turkish.

And so more and more smokers, as shown by sales-reports like that above are turning to Fatima. For Fatimas are *part*-Turkish—not *all*-Turkish like straight Turkish cigarettes. Yet they contain *more* Turkish than any other Turkish Blend.

RECEPTION FOR FRESHMAN CLASS

College Y. M. C. A. Holds Annual Affair in Commons Hall—Three Upper Classes Meet Men of 1924.

ABOUT 300 PRESENT

About three hundred undergraduates, properly tagged with their names, gathered in Commons Hall on Wednesday evening for the annual Y. M. C. A. reception to the Freshman Class. The whole gathering radiated good cheer and fellowship, everyone was introduced to the '24 men, and they were introduced to each other.

Harper, '21, President of the Y. M. C. A., opened the reception with a forceful talk in which he welcomed the class of 1924. "Monty" outlined the place of the Association in Hamilton and urged the freshmen especially to enter into the spirit of the College. He requested that the Association be given the hearty support of everyone in its drive for members.

Doctor F. H. Wood was introduced as the first speaker, and he pointed out how the Y. M. C. A. is the spiritual guide and the promoter of the Christian ideals of the College. He said that Silliman Hall, one of the oldest if not the oldest building of its kind in the colleges of this country, stands as a lasting monument to Mr. Silliman, and that the men of Hamilto should use the building for the advancement of Christianity.

Doctor C. K. Chase, the next speaker, warned the Freshmen of the necessity of preserving their own personality throughout their college course and pointed out the danger of falling into the rut of conforming in too great a degree to the way of the crowd. Doctor Fitch, when called upon, elaborated on the idea that religion is the motive force of life and that in the Y. M. C. A. each one would develop this motive force to the greatest degree.

Coach Prettyman gave a short talk on the athletic side of college life. By means of statistics, he showed how Hamilton was able to compete successfully with larger colleges through the system of physical training whereby everyone is compelled to take part in some form of athletic work.

Campbell, captain of football, Pritchard, captain of baseball, Kaiser, captain of hockey, Holler, captain of track, and Cowan, captain of basketball, outlined the need of having the Freshmen and the rest of the College support the various sports both by coming out for the teams and also by lending moral support on the sidelines.

William S. Griffith, '21, spoke on the plans of The Charlatans for the coming year and asked that a large number of men try out to fill places in the organization left vacant by the Seniors of last year.

John D. Van Kennen, '21, closed the program for the evening by making a plea for the Hamilton-in-China Movement. He emphasized the importance of this great work and asked that the College contribute as much as possible in the coming drive to raise money on the Hill to maintain Paul M. Hamlin, '19, during his second year in China.

After the speeches, refreshments were served and the reception was brought to a fitting close with the singing of "Carissima."

THREE HUNDRED AND SIXTEEN MEN NOW IN COLLEGE

A good idea of the rate of speed at which Hamilton College is growing may be obtained from statistics showing the number of men who have have entered each fall since 1913. The number of men in College is steadily increasing and indications are that, before long, five hundred students at Hamilton College will be no longer a goal toward which to strive, but a reality.

There are now three hundred and sixteen men in College, an increase of twenty over last fall. Two hundred and seventy-two students took the examinations at the end of the year last spring. With twenty-six men already registered as members of the class of 1925, and three in the class of 1926, there is every reason to believe that the college body is growing at no slow rate.

The Class of 1924, with its one hundred and twenty members, is not quite the largest that has yet entered. In the fall of 1918 the S. A. T. C. brought many men to college who would never have come before. A number of the men who entered with the Class of 1922 came here only for military work and stayed only for the short time the S. A. T. C. lasted. This is the reason why the Class of 1922 was at the opening of college in 1918 numerically the largest entering class in the history of Hamilton. One hundred and thirty-four new men came to the Hill that fall, but many remained only a very short time, and the Class of 1922 was before many weeks much smaller than 1924 is this year.

The lowest mark reached in thhe last eight years was in 1915 when so many men were entering various branches of war activities instead of attending colleges. The Class of 1919 started with only forty-two men. The present Freshman Class is almost double the size of the Class of 1916, which began its college career with only sixty-three members.

A great part of the credit for this growth of the College is due to President Ferry and the College Growth Committee, as well as the many loyal and active alumni associations of the College. All have worked hard to spread the fame and name of Hamilton throughout the country.

FALL TENNIS TOURNAMENT

The annual fall tennis tournament has been started. Among those of last year's squad who are entered for the tournament are: Paton, '21, Coupe, '21, and Acebron, '23. Others who show promise are Getman, '22; Fitzgerald, '23; Barron, '21, and Alison, '24. Manager Mulford is desirous of running off the first round by Tuesday, October fifth, in order that the tournament may be gotten off on schedule time. For several years the fall tennis tournament has not been finished and it is desired that matches be played on schedule time in order to make the tournament a success. Tennis balls may be obtained from Mulford or any of the assistant managers of Intramural Sports.

CROSS COUNTRY STARTS

A call has been issued for candidates for the Cross Country Team. Fall meets have been arranged with several colleges, and practice is called every afternoon at four thirty o'clock. Candidates should report to Holler, '21, Captain of Track, or Thompson, '23.

The Reverend Father Spence Burton of Cambridge, Mass., preached in Chapel Sunday morning.

Professor F. M. Davenport was elected a trustee of Wesleyan University at the annual meeting of its board of trustees held last summer.

Y. M. C. A. STARTS ANNUAL CAMPAIGN

Hopes to Have Every Undergraduate Join the Association.

The Y. M. C. A. of Hamilton College is striving to obtain a 100 per cent membership among the undergraduate body. In the campaign which started last Saturday, two hundred and thirty members were enrolled. This is a good beginning, but the campaign will not end here. It is up to every student on this Hill to do his bit by joining the Y. M. C. A.

A victrola has been purchased for Silliman Hall and the Association has subscribed for magazines, which will add to the attractions of the building. Movies will be shown in Commons once a week during the Winter. The day on which they will be shown will be announced later.

Dr. Elwood Perisho, former president of the South Dakota State College and Y. M. C. A. overseas secretary, will give an address for college men in the Chapel, Wednesday evening at 7:45 o'clock.

Bible classes and outside work will soon start for those who are interested in this work.

Due to the fact that Sullivan, '22, did not return to College this Fall, K. B. Turner, '22, succeeds him as Treasurer of the Y. M. C. A.

THE 1922 HAMILTONIAN

At a meeting of the Junior Class held Saturday morning, Kenneth B. Turner, '22, of Medina, was unanimously chosen Editor-in-Chief of the 1922 Hamiltonian. The work on the Junior publication has already been started by Business Manager Martin, '22. This year's book promises to be an unusual issue.

Everybody at Union Nov. 20.

FIRST ISSUE OF LIT. EXPECTED OCTOBER 20

Editor Rodgers, '21, Plans New Cover for Magazine.

The first issue of the Hamilton Literary Magazine will appear about October 20. Its appearance has been delayed somewhat by the strike of the printers' and binders' union of Utica. The magazine will be on a larger scale than last year. The first issue will contain several short stories, an essay, one of the Commencement papers, in addition to the notes on the College and Alumni.

A new cover is contemplated. It will be made up either of some design typical of the College, or of the type so prevalent in many magazines—that of lettering above a pair of medallions between which there is a space in which to list the leading articles of the month.

Since over half of the Board has been lost by graduation, including men of considerable ability, like Thorp and Meritt, it will be necessary to fill their places from the three lower classes. Last year's Freshman Class developed men of more than ordinary promise, and accordingly it is hoped that the entering class this year will offer as good material. At least three men will be elected at the close of the year from the Class of 1924, and a smaller number from each of the other classes.

The material desired includes especially good short stories, well written work of the essay type, and good verse. While work of true artistic merit is always sought after, the Editors realize that other men need training and are always ready to extend to them the fullest co-operation and encouragement.

All the material for the November issue should be in the hands of the Editor by October twentieth.

—News has been received on the Hill stating that the 14th Hamilton man to die in the Great War, Paul Hawthorn Knowles, ex-'18, died November 15, 1918, at Mars, France, in Base Hospital No. 63, and was buried in Section B. Grave 140. He was a sergeant major in the Field Signal Corps and was accepted for service December 8, 1917. He sailed for France in June, 1918, and was at the front from July to November 8, 1918. He was born October 23, 1894, at Grand Junction, Col., was prepared at Worcester Academy, Trinity School, New York, Ryebeck High School of Mamaroneck, and Blair Academy. He was a member of the Alpha Delta Phi Fraternity and is survived by his father, who lives at Grand Junction, Col.
